Website: Academy Bugs (<https://academybugs.com/store/>)

Steps to Reproduce:

1. Navigate to <https://academybugs.com>
2. Click the "Find Bugs" link in the navigation bar
3. Open any product page
4. Locate the "Filter by Price" section in the right sidebar
5. Select any price range (e.g., \$0 - \$15, \$15 - \$30, etc.)
6. Observe the page behavior

[Add](#)
[Comment](#)

Expected Result:

The page should display a filtered list of products within the selected price

range.

Actual Result:

The page simply reloads without applying any filters. All products remain visible regardless of the selected price range.

Additional Testing:

- Also occurs when selecting price ranges from the Store Menu sidebar
- Tested multiple price ranges with same result
- No error messages displayed

Frequency:

This occurs every time, across all price range selections.

Environment:

Tested on Chrome browser, Windows 10.

[Comment 1](#) [\[reply\]](#) [\[-\]](#)

Team member has verified and reproduced this issue. The price filter functionality is confirmed to be broken – page reloads without applying any filters.

[Robakhalid1](#) 2025-11-16 19:08:12 UTC

[Comment 2](#) [\[reply\]](#) [\[-\]](#)

Development team has implemented a fix for the price filter functionality. The filter now correctly processes price range selections and displays appropriate products. The page no longer reloads without applying filters. Ready for QA verification.

[Robakhalid1](#) 2025-11-16 19:14:52 UTC

[Comment 3](#) [\[reply\]](#) [\[-\]](#)

QA has verified the fix on the latest build. The price filter now works correctly across all price ranges. Products are properly filtered and displayed as expected. Issue is resolved and ready to be closed.
